CELEBRATED

Blood Cleanser or Panacea!

As a medicine for children, the Panacea is, in every way, calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is capable of arresting disease without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very effective, yet it does not, if given in proper quantities, cause nausea or distress in the stomach or bowels. It is very pleasant to the taste, which is a very important feature as a medicine for children. As a preventive of disease it is unprecedented, as it acts directly upon the digestive organs and blood. In all scrofulous diseases, it is the most effective medicine ever offered to the public; and, if given regularly and perseveringly, those eruptive diseases so common to children may be entirely eradicated.

Prepared by P. Fahrney's Bros. & Co., Waynesboro, Pennsylvania, and Dr. P. FAHRNEY, 30 Dearborn St., Chicago. Price, \$1.25 per bottle. For sale by Wholesale and Retail dealers and by druggists.

CENTENNIAL ALMANAC FOR 1874.

SATURN IS THE RULING PLANET THIS YEAR.

THE YEAR IN GENERAL. Will be mostly cold and damp, even if it should be very dry at certain times; it will however generally be considered a cold, wet, unpleasant year.

SPRING. The beginning of April will be somewhat warm, yet very unpleasant till in May; afterwards if the days are pleasant and the nights cool, a severe drought will follow; notwithstanding there will be some rainy weather. Grass and vegetables will start late.

SUMMER.—In the beginning it will be wet; followed by great heat and drouth, so that summer crops will suffer. Very destructive storms of thunder, lightning, and hail will visit different sections.

AUTUMN.—Will be cold and damp; early freezing, followed by heavy thunderstorms. After the middle of October, cold weather will set in. December will be damp but somewhat pleasant.

WINTER.—Will continue till near April. In the beginning it will be damp with heavy rains. Towards the end of December winter will set in, with deep snow and cold, and continue long; hence the necessity of preparing firewood and feed.

SPRING CROPS.—As the spring will be cold and unpleasant, and as there will be no continuous warm weather until June, the spring crops should not be planted early. Barley will do well; much will depend on the gathering. Grass in general will be good, though but little second crop.

WINTER GRAIN will succeed well; waste no good weather in gathering, else the grain will grow and spoil.

FALL SEEDING.—Wheat and Rye should be sown early, for it will grow slowly, even if it rain much.

FRUIT will fail on account of the cold, unpleasant Spring.

HOPS will not be plentiful, yet they will be good.

WINE.—The Vintage will be light, in general it will fall off, mostly in the blossom. Whether much or little, the wine will be of poor quality. The fruit should be gathered early, but the vines should not be covered early; even if it freezes early in November, it will open again and not close up until in December. If the vines are covered up too soon they will be injured by the wet ground.

WIND AND STORMS.—There will be some very severe storms, with thunder and lightning.

INSECTS.—Snakes and toads will be abundant, and in winter, mice numerous. There will not be so many worms in the grain as in other years, and they will be destroyed by the severe cold in winter.

DISEASES.—The latter part of summer, and also in the fall, many dangerous and fatal diseases will prevail, such as fatal fevers, Diarrhea, Dysentery, Catarrh, Gout, Tetters, Palsy, Vertigo, Fever, Jaundice, and such like diseases; caused mostly by cold feet.

Editorial.

It seems but a few months since we edited the first *Pilgrim Almanac*, but the change of seasons tell us that another year is well nigh run, and the time has come for us to make preparations for another year. Our Almanac for 1873 answered the purpose so well and gave such general satisfaction that we feel encouraged in our labor and expense of preparing another for 1874. How much better it will be, our readers can judge as well as we. Our object in this, will be the same as that of last year, first, to supply our readers with a reliable and good family Almanac. Second, to give as much religious and useful information as we can command, and third, to make as complete a Ministerial List as can be done under existing circumstances. This might be full and complete if all our readers would have been sufficiently interested to make it so, but as some were not interested, a few of the mistakes will remain uncorrected. We have received a large number of new names and corrected many of the last years list, also arranged them in alphabetical order. This was the only real objection urged against our list last year and as that is now corrected we have a consciousness of being able to please. Another prominent improvement will be noticed in the extra heavy material used for the cover. This is an extra expense over that of last year, but we do it because it adds to the appearance and service of the Almanac and because we desire to give full satisfaction so far as possible. We expect to publish it yearly and of a uniform size so that they can be preserved and, if desired, bound together, thus forming an interesting record for future generations. Hoping that our fondest expectations may be realized and that every family in the brotherhood may be supplied with a *Pilgrim Almanac* we now send it forth filled with such as we have, feeling assured that it is worthy a place in every christian family in the land.

Church of Beaverdam, Md.

Hitherto there has been carelessness, on the part of some brethren, in not keeping a written record of the organization, and general affairs of our Churches, that but little is known of the early history of many of them. Among these is the Church at Beaverdam, Frederic county, Md.; which is one among, if *not the first*, organized church in the state. As far as I can ascertain there is no written record of her early history extant. Though the probability is much if it was written, as the German brethren formerly were more particular in this matter than many of us have been. My opinion is, that the ancient brethren organizing her, and having the oversight of her infancy, retained it; or leaving it in the church, the manuscript being German, could not be read for generations past, and was lost among waste paper, when the German ceased to be taught in the schools more than half a century ago. And as the writer was born of water and of the Spirit in her, and was elected to the ministry, and ordained to the Eldership by her children, he loves her as his christian mother, he feels to rescue from oblivion what he knows by tradition.

The editor of the WEEKLY PILGRIM in soliciting contributions for the "PILGRIM ALMANAC" for 1874, says, "Choose your own subject." I will write of what I have learned of her history from my ancestors. I will here say that if I had considered this subject, while my father and grandfather were living, as I now do, I might have learned her whole history, as grandfather, I think, was the first minister elected in her. But as it is, my information anterior to my union with her is meager and imperfect.

My great-grand-father, Daniel Sayler (then spelled SEILER) emigrated to America, from Switzerland, in company with

several brothers and sisters (some of their descendants yet retain the SEILER spelling) in 1743, and my great-grand-father, Daniel, was baptized by the brethren in Conestoga Church, Lancaster county, Pa., in 1752, and my great-grand-mother, Anna, by the same in 1753. The same year my grand-father Daniel was born; and if memory serves me, he was baptized when about 17 years old, but where, I am not informed.

In the autumn of 1771 grand- and great-grand-father came to Beaverdam, Frederick county, Md., near to where the meeting-house now stands, and put up cabins in the woods, and returned to Lancaster county, where, during the winter, my grand-father married Sarah Anna Buechley, and in the spring of 1772 they returned and occupied there previously erected cabins, and opened the farm now owned by C. N. Gailer, son-in-law of Elder Jacob Sayler, grand-father's youngest son. The farm continued in the Sayler name 96 years, and has buried on it, four generations of Saylers. Anterior to this date, I have no account of the country or brethren, and the probability is that they were among, if not the first members. *Other families however, may have emigrated with them.*

I will here relate an incident in connection with these emigrating from Lancaster county. Coming in wagons, they crossed the Susquehanna river on the ice, and when near the shore on the south side the hind wheel of the rear wagon cut through the ice, and stood as they supposed on the bottom, they leisurely pryed up the wheel and hauled the wagon to shore, and being on land one of the company carelessly put in the hole one of the rails used to pry up the wagon to measure the actual depth of the water.

Whether my great-grand-father was an official brother in the church, or when my grand-father was elected to the ministry I am not informed. At his funeral, however, in 1840, Elder David Pfoutz of precious memory, said that he had served in his office 56 years, which would date his election in 1784, twelve years after his marriage, and migration to Beaverdam. My

father was born on the first day of January 1775, and became a member of the church when quite young; and brethren Leatherman, Peter, and Damreis were the ministers visiting there in his early membership. These he used to say would come to their house the evening before the Lovefeast which would be at their house, and before they would retire to bed grand-father would wash the brethren's feet, and grand-mother would do the same to the sisters present. In those days of brotherly love and simplicity, there was no question among the sisters as to what constituted *the* proper covering for them in time of worship. It is the spirit of modern improvement and progress in certain localities which raises the question. *This being a fast age, A* LEARNED AGE.

In my early boyhood grand-father was the Elder, John Diehl and John Gailer assistant ministers. Henry Bucher and David Stoner were the deacons for many years. The meetings were in the member's houses. In 1828 the meeting-house was built, and on the 28th of September of that year the first meeting and Lovefeast was held in it. Brother Diehl having died, the ministering brethren were Daniel Sayler Elder, John Garber, Jacob Sayler, and Jonathan Plain. About this time the German language began to wane, and the use of it in the church has long since ceased. About this time, too, Bro. John Gailer was ordained an Elder. August 20th 1837, the writer was baptized, and Brother Plain having died, an election for a minister was held on the 30th of September, 1840, at which the writer was elected, and, May the 7th 1850, with Brother Isaac Pfoutz (who was elected first) was ordained to the Eldership. Elder Philip Boyle and Samuel Miller were the officiating Elders. Grand father having died on the 14th day of September 1840 there was a break in the ministry of

grand-parent and grand-son of 16 days, this however was overlapped by the son Jacob Sayler ten years. So from 1784 to 1873 grand-father, son, and grand-son have preached the gospel of Christ as believed by the brethren. In 1842, a refreshing shower from the Lord, was shed abroad among the people, and about 100 were added to the church, and were baptized in less than three months, about ten of these were unmarried persons. In 1852, a malignant form of disease prevailed as an epidemic, and many members died.

The territory being much enlarged, and the membership greatly increased and Jacob Sayler, Isaac Pfoutz and the writer being Elders, and David Rinehart, Jonathan Gailer, Daniel Sayler, and Howard Hilery native elected ministers, and I. D. Trostle and Jesse Roop *emigrant* though now resident ministers, a proposition to district the church was made, and carried; and on the 5th day of December 1855 the Bush Creek, and the Monocacy Branches were, in council meeting of the whole church with Elder Philip Boyle present, declared organized churches. And from that date the Monocacy branch can be written.

The Watchman's Cry.—A Warning Voice

Amid the din and the clamor of opposing elements we hear a voice now and then crying, *Beware, there is danger ahead!* The church of God is being encompassed on every side by the hosts of Satan, and it is feared, there has been a giving way to the pressure in some quarters, insomuch, that in the midst of the camp of Israel, giants of sin walk unshorn of their locks. See the gaudy, glittering flag of pride, upheld where the blood-stained banner of the humble and meek "CRUCIFIED" should have supreme sway.

We look back to the days of our forefathers and see them standing boldly on Zion's walls defending the principles of our holy religion as valiant soldiers of the cross, keeping at bay, in a great measure, the destructive elements of Satan and preserving, inviolate, the old landmarks of their predecessors; and our

very soul is full of gratitude, and unspeakable thanksgiving to them and their memory, that they *did* perpetuate and hand down to us those principles and distinctions which are so beautifully in harmony with the Gospel, whereby the Church was recognized as being a *peculiar body, separate from the world*. Our Fathers have gone, and to-day, we, the members of the church, stand in their stead; but we must soon pass away and others will take our places.

Shall it be that our children can look back to this our day and say, Thanks to God, our fathers held sacred the time-honored principles of the Church, and handed them unto us in their gospel simplicity? Or, shall it be that they will say, Our fathers dared to move the old land-marks, trample under foot those features of the Church by which the Christian was known from the world; widened the platform, and made higher the entrance, so that the proud could enter and the world stand within the pale of the Church? Oh, my brethren, can we afford such a venture? I say, No. The welfare of the Church, and of our rising posterity, as well as the welfare of generations unborn require that we be vigilant, resolute and determined.

Let us be warned in time. Pride is scaling the walls of Zion; things that are not of Heaven are undermining the holy institutions of God. The Church, the beloved asylum of our choice, is in danger of being *converted* to the world. Don't stand in the way and say, Go; but let every true soldier buckle on the whole armor of God, and say, by word and deed, COME, let us cast out Satan! and by the power of God, bleeding Zion shall awake to new life—such life as issues from the throne of God.

The Spiritual Magazine.

DEAR BROTHER:—As you solicit copy for the *Pilgrim Almanac* for 1874, I have concluded to send my mite which is at your disposal. As you brethren of the quill are sometimes thought to be too far in the progressive age, I wish to show that this is a mistake, as far as printing is concerned at least, as the first Bible and the first Newspaper in the German language printed in the United States were done by a brother, and that too, under disadvantages that would baffle the pluck of our most enterprising brethren of the present day.

The following, I give as a bit of history in the printing business which I hope may be interesting to your readers.

Old brother Christopher Saur, soon after coming to America, established a printing office near Germantown, Pa., and published a small, quarto newspaper of four pages, monthly, at three shillings a year, entitled as above, or in the German, "*Das Geistliche Magazin*." The first number was issued the 16th of August, 1740, and was continued in the same form and size until 1750, when it was enlarged to a four-page folio, but continued at the same price. But as the paper was small and published only monthly, he soon got more matter than he could publish in the regular edition. To remedy this, especially when favored with some special intelligence, he published a semi-monthly supplement. This he continued to do until some time in 1763. He then changed the title to the *Pennsylvania Reporter* (*Pennsylvanische Berichte*) and then commenced *Das geistliche Magazin*. In this, he published whatever was of a religious or spiritual nature and left politics and other more worldly intelligence for the *Berichte*. This *Magazin* was not published as a regular monthly but as an occasional, sometimes a whole sheet, but generally only a half sheet, in large octavo form, and sent free to the subscribers of the *Pennsylvania Reporter* and to such others as desired it. On account of it not being published regularly and having no dates, it cannot be fully determined how often or just when

it was issued, but between the years 1763 and 1769, fifty numbers were published making about two hundred pages which completed the first volume.

A second volume was commenced in 1770, but was not continued over three or four years and was not nearly so large as the first. The following is an extract from his preface as published in an old number of the *Gospel Visitor*.

"Having often been grieved at beholding the great carelessness, blindness, and spiritual ignorance of the community at large, which originates in a great measure from a scarcity of spiritual teaching, inasmuch as many have neither opportunity nor desire of hearing preaching, and have also but very few books to edify themselves with at home, many being either too poor or else think that they have still more necessary uses for their money, than to buy books, and should they even sometimes buy a good book, they will often lay it aside for days and years before reading it through.

These considerations made me think that a publication of this kind might do a great deal of good, especially if given gratis. And as the Lord has abundantly blessed me, and enabled me, under extraordinary tokens of his Divine assistance, to accomplish the great work of publishing the Bible, I would now, as a small thank-offering for his great goodness, make a beginning with the long contemplated project of publishing a work of the above description for the glory of God and the good of my fellow-men—anti-sectarian in its principles, and open to the contributions of all so far as consistent with the Spirit of the Gospel."

Thus you see, dear reader, that printing among the brethren is no new thing but was made use of when the church, under its present organization was yet in its infancy; neither is Almanac making a new feature among us, as Brother

Laur published an Almanac as early as 1739, or 134 years ago. Considering the disadvantages under which publishers then labored and the progress of the present age and the many improvements in the printing business, our brethren need have no fears of being too fast, but rather, that they are far behind the times and our privileges, as we should now be able to show, at least, an Almanac for every year for the last century. They might now be of immense value to us as a record of past events, especially in Church History.

A PILGRIM.

Loveliness.

It is not your gay dress, your expensive shawl, or your pretty figure, that attracts men of sense. They look beyond these. It is the true loveliness of your nature that wins and continues to retain the affections of the heart. Young women sadly miss it who labor to improve the outward looks, while they bestow not a thought on their minds. Fools may be won by gewgaws and fashionable showy dresses, but the wise and substantial are never caught in such traps. Let modesty be your dress. Use pleasant and agreeable language, and you may not be courted by the fop and sot, but the good and truly great will love to linger in your steps. The result will be your infinite gain.

Original History of the Baptist Brethren in America.

[This manuscript was intended for the Pilgrim Almanac of 1872, but was crowded out. We therefore give it a place in the present Almanac, hoping that it may have lost nothing in its delay. It was written in German and translated into English by Eld. Leonard Furry.—Editor.]

There came from Swartzenau, Germany, several families in the year 1719 to Germantown, Pennsylvania, and in the following year, 1720, 30 families more, all Baptist Brethren, also from Germany, with Peter Becker their preacher. They came from different places in Germany to Germantown, and Philadelphia, Pennsylvania. These brethren organized a congregation at Germantown with their teacher, Peter Becker in the year 1821. After that, some of the Brethren moved to Conestoga, Lancaster county, some to Skippack, others to Oly and Falkens *Schwam fungus. Then had they, at different places, their meetings with Peter Becker their preacher and overseer. (Then the brethren agreed to choose another preacher, and the choice,

*I had no other word for Schwam.

by a majority of voices, fell on brother Conrad Beissel for speaker, and John Hildebrand for deacon, assistants in the service at Conestoga, by the counsel of Peter Becker as †Bishop with the brethren at Germantown, because Peter Becker dwelled there. But Conrad Beissel at Conestoga soon caused some difficulty by commencing other ways (order) with the brethren of Conestoga and conceived an idea to keep the Saturday instead of the Lord's day as a seven dayer. After many and long admonitions, the church could not avail anything with Conrad Beissel to leave his own ways and to yield obedience to the Germantown brethren). In the meantime, in December 1729, Alexander Mack, also arrived from Germany to Germantown. Then the congregation agreed with Mack to decide by voice of the majority of the congregation whether to keep the Sabbath or Sunday for the Lord's day, when 11 voices agreed with Conrad Beissel to keep with him, and 27 for Sunday, with Peter Becker and Alexander Mack. So Becker and Mack with the brethren in Germantown and Conestoga, proceeded as the majority decided. (But Conrad Beissel, upon his own hand, commenced the Cloister (or nunnery) at Ephrata to establish the seven dayer, (Seventh day Baptist) and he has for a considerable time priest-ridden several brethren and sisters). After Alexander Mack had died at Germantown in the year 1735 was Michael Frantz chosen for speaker and John Landis for deacon. In the year 1735, at Conestoga, Lancaster Co., Pa., Michael Frantz was speaker and Bishop about 12 years, from 1735 to 1747 and then moved West; after that came Michael Pfoutz in his stead as speaker and bishop, from 1747 to 1769, 22 years in the Conestoga congregation, where he then died at the age of 50 years, the 4th of May 1769. Then came Christian Longenecker in his stead as speaker and Bishop in the same congregation from 1769 to 1772, a time of three years. After that, because the congregation had considerably spread, the Brethren concluded to divide the Conestoga into three districts in the year 1772, one district called Conestoga, the other White Oak and the other Swatara. Then were Peter Eichenberger and Jacob Stull appointed as overseers for Conestoga Congregation; Christ. Longenecker and John Zug for the White

Our Ministerial List.

Our list for this year is a great improvement on that of last, both in the arrangement and the large number of corrections and additions of names made that were not published before. Still we are aware that it is not complete and will not be until those whose names are yet unpublished become sufficiently interested to attend to it themselves.
